

28–30 June 2017, Cotonou, Benin

Sponsor & Exhibitor Registration Form

The 2017 Africa Carbon Forum (ACF) is a leading regional conference & exhibition for climate action related to markets and economic instruments. The event, co-organised by the UNFCCC, World Bank Group, African Development Bank, West African Development Bank (BOAD), International Emissions Trading Association (IETA), UNEP and UNEP DTU, UNDP and the Africa LEDS Partnership, provides an excellent platform to exchange knowledge and information regarding markets and, more recently, NDC implementation, at a regional level. The event is hosted by the Government of Benin, and will feature a Ministerial day on the 30th of June.

The international community achieved a resounding success crafting a new, universal climate change agreement at COP21 in Paris in December 2015. This agreement marks the start of a historic new era for Africa, one that holds great challenges but also exciting, transformational opportunities. These are driven by ambitious national action, and increased international cooperation on policies and action for low-carbon development, climate finance, market-driven approaches, technology transfer and capacity-building. The Africa Carbon Forum is the ideal setting to enter discussions, exchange ideas, and develop business opportunities regarding these new opportunities.

To register as a **Sponsor / Exhibitor OR Main Partner Sponsor**, please fill out this form and return by email to Lisa Spafford, spafford@ieta.org. Please note that **registration for all participants is free of charge**, however **online pre-registration is required** on the ACF website (www.africacarbonforum.com)
